# Welcome to LeasePLUS!

With more than two decades of experience, LeasePLUS stands as one of Australia's premier novated leasing providers. Whether you're interested in novating a new, used, or existing car, our team of dedicated novated leasing consultants is committed to guiding you through every step.

## Optimise your income

### **The What's, Why's and How's**

Put simply, a novated lease is a smart and convenient way to buy a car. It bundles all your running costs, like servicing, fuel, tyres, registration, insurance, and even car washes into one easy-to-manage payment.

We receive a portion of that payment out of your pre-tax salary, which reduces your taxable income and helps you save money. It's a flexible, tax-effective option that many employees don't realise they're eligible for.
